ABOUT ME

A fast-growing Front-end developer with a technical mindset and a love for work. I tried to do front-end development and it became my hobby. Over time, I realized that I would like to make it my income.
I am constantly working on myself, studied at Udemy courses - Web Developer, Complete Course on JavaScript + React, Stepik - Web Development: HTML and CSS.
In parallel, I am laying out landing pages as a freelancer.
I am ready to actively develop and achieve success. At the moment, I have laid out more than 20 landing pages.
